

Lecture Schedule for the Capacity Building Training Programme under HADP Project No-11 entitled "Untie the yield complexities for realising the yield potential in oilseed with special reference to rapeseed".

Sr. No	Date	Title of Lecture	Speaker
1.	15-01-2024	Scope & Potential of new oilseed crops to boost the oilseed production in the Kashmir valley.	Dr. F. A. Sheikh
2.	15-01-2024	Soil health management in oilseed based cropping system.	Dr. Aabid H. Lone
3.	15-01-2024	Awareness about different strategies for farmers own seed production	Dr. N. R. Sofi
4.	15-01-2024	Sunflower as future potential oilseed crop for Kashmir conditions.	Dr. Mushtaq Ahmad
5.	15-01-2024	Field Visit	
1.	16-01-2024	Agro-techniques in rapeseed for narrowing the yield gaps at farmer's field.	Dr. Intikhab Aalum Jehangir
2.	16-01-2024	Integrated pest management of oilseed crops.	Dr. B. A. Rather
3.	16-01-2024	Innovative protection technologies for oilseed crop.	Dr. F. A. Mohiuddin
4.	16-01-2024	New Scientific approaches to improve production and productivity of oilseed crops of the valley.	Dr. N. A. Teeli
5.	16-01-2024	Field Visit	

Dr. Najeed-ul-Rehman Sofi
Associate Director Research/
Principal Investigator
(HADP Project No.11)
